ITELLIGENCE ACRENCY

25X1A

- 15. Signal post for general alarm.
  16. Power-house.
  17. Food storehouse, kitchen, canteen and laundry.
- 16. Workshops for the students of the machine, motor, mine and torpedo companies.
- 19. Fire station.
- 20. Steam baths, barbershop, and second canteen.
- 21. Water-pump station. 22. The non-commissioned The non-commissioned officers' club.
- 23. Buildings for officers and non-commissioned officers.
  24. The only three-story building, begun by the Germans as a hospital, but never finished, and not now in use. The windows are boarded up.
- Walled sheds for armored cars and tanks. Each shed is about 200 meters long and 20 meters vide. In case of inclement weather, they are used by the students for practical military exercises.
- 26. The barracks in which the automobile company is trained.
- 27. About thirty wooden barracks, built on stone foundations. They are on both sides of the road, and are not in use.
- 28. Sentry point and box, and gate.
- 29. Sand dunes.
- 30. The so-called "wild" beach, which is closed to swimmers, although it is used for bathing anyway.
